

## **Rejuv Rx**

### **Firming and Lifting Peptide Serum Erases Effects of Aging**

Our exclusive peptide serum works to lift, firm, and tone the skin to combat the signs of aging. Use it daily to help smooth out fine lines, reduce redness, and repair the skin's barrier to give you a beautiful, even-toned complexion. Key ingredients including Oligopeptides, Lactic Acid, Urea, and Niacinamide work together to increase firmness and elasticity while soothing and hydrating the skin. This dermatologist-developed serum also has anti-inflammatory benefits, making it especially beneficial for patients with rosacea. Say goodbye to fine lines and sagging skin without injectables, or extend the effects of anti-aging injectables with this powerful serum.

Recommended for all skin types.

**For best results:** Use after cleansing with Vivant's Buffing Grains BP 3% Exfoliating Cleanser, Mandelic Acid 3-in-1 Exfoliating Cleanser, and other Vivant skin care products.

Vivant Skin Care products are made in the U.S.A with pharmaceutical-grade raw materials, the highest grade available for skin care products. They are designed to work synergistically with the complete line of clinical skin care products to keep your skin looking beautiful at any age.

## **Skin Trap® Antioxidant Serum**

### **Powerful Antioxidant Serum Protects Skin from Environmental Damage**

Our potent antioxidant serum shields your skin from pollutants and toxins in the environment so you maintain a healthy, youthful glow at any age. This super-strength serum contains high concentrations of both Vitamin C and Vitamin E, a powerful combination that traps free radicals during UV exposure and also stimulates collagen and elastin production. Other key ingredients, including Lactic Acid, Urea, and Niacinamide, help hydrate, firm, and soothe the skin. Add this antioxidant-rich serum to your skincare regimen to prevent photoaging, brighten the complexion and reduce the risk of sunburn.

Recommended for all skin types.

**For best results:** Start by applying every other morning for two weeks before applying daily. Keep refrigerated to preserve potency. Can be applied over the 15% Mandelic Acid 3-in-1 Serum to enhance effects of both serums. Use as a primer underneath sunscreen and makeup for an extra layer of protection.

Vivant Skin Care products are made in the U.S.A with pharmaceutical-grade raw materials, the highest grade available for skin care products. They are designed to work synergistically with the complete line of clinical skin care products to keep your skin looking beautiful at any age.
